Singles & couples alike, men & women of all ages & from all backgrounds, are able to learn new steps from our instructors & practice with one another.

How Long & How Much Are Classes?

Our classes are only \$85 for a full eight-week long class, meeting once per week for eight weeks. We have a new set of classes that begin every four weeks.

Purchase a membership & pay only \$75 for group classes! Call us for more information on the membership packages. Additionally, current students in high school or college get \$10 off group classes with student ID.

WHAT CAN YOU EXPECT OUT OF THE CORE GROUP CLASSES?

Beginning Ballroom

You will learn frame, lead/follow, & the basics of the four most popular & practical dances including Foxtrot, Waltz, Cha Cha, & Rumba. It's the best place to start if you have no partnership dancing experience or if you're just not sure what to do first. The steps you learn in this class will help develop a base for making any other dance style easier to understand.

Intermediate Ballroom

The Intermediate Ballroom class offers a variety of patterns beyond the basics in all dances learned in the beginning class, & introduces a number of other popular dances including Bolero, Samba, Quickstep, & Tango. This class works differently than the beginning in that you will spend 4 weeks studying one dance, allowing more time for technique & styling. ** We strongly recommend the Beg. Ballroom class first, as it will be assumed all students enrolled in the intermediate class have a good understanding of lead/follow & the basic steps in the four major dances.*

Advanced Ballroom

This class spends a bit more time studying the partnership aspect of the dance, as well as taking many of the dances into the Silver Level. We will not only spend time developing floor craft skills, but also touching on

techniques that help develop a competitive edge for events offered throughout the year. Like the Intermediate, this class will also spend 4 weeks on each dance. ** Ask our instructors about skill level for this class, they will help guide you into the right time to begin.*

Beginning East Coast Swing

This class will take you from the first step to a swing dancer in just eight weeks. We teach triple, double, & single time steps, as well as turns, spins, & throw-outs. It's a fun & upbeat class that will give you a workout while teaching you one of the most user-friendly dances for any venue.

Introduction to Social Dancing

Want to be able to dance at weddings, social events, and to live bands? Intro to Social Dancing covers everything you need to know to get out there and boogie with the person of your choosing. Covering both slow and fast tempo songs, this class will cover both basic movements and common mistakes to increase your confidence on the dance floor.

Saturday Night Social Parties *(every Saturday night, except for the FIRST Saturday of each month)*

Come strut your stuff! What better way to practice what you've learned than by attending our weekly social!? Show off your new moves by dancing with other students as well as our instructors. Dancers & non-dancers are both welcome! Our weekly parties/socials are VERY laid back & fun, so we hope to see you on the floor. Cost of admittance is \$10 per person (or free with a membership) & can be either paid at the door.
